

ExxonMobil Campus Project

As we look back on this year, we wish to tell each of you that we appreciate the hard work and dedication that you have given this project. We are grateful for the time that you have spent working safely so that you can return to your families each day. We truly believe that all incidents are preventable and we will continue to support your efforts in working safely.

NOBODY GETS HURT is our project motto and we believe that through everyone's effort we can obtain that goal. We look forward to working with each of you in 2013.

NOBODY GETS HURT means YOU!

Thank you,

The Project Management Team at the ExxonMobil Campus Project
